

# MIL-SPEC M24749 Type III Bond Strips

## Flat Copper Strip with Mounting Holes Mil-qualified for shipboard electrical bonding applications

HOW TO ORDER						
Sample Part Number	<b>M24749</b>	-III	-N	-L	-W	-H
Product Series	MIL-DTL-24749 Type III Bond Strip					
Bond Strap Type	III = Flat Copper strip					
Standard Size Code	See Table N = For Nonstandard Sizes					
Length	Only for Nonstandard					
Width	Only for Nonstandard					
Hole Diameter	Only for Nonstandard					

### GROUND STRIP FEATURES

- Meets the rigorous specifications of MIL-DTL-24749 Type III bonding strips
- Intended use for bonding items in non-weather exposed areas.
- The length-to-width ratio for Type II bond strips shall not exceed 5 to 1.
- For more options see Glenair Part Number 107-503.

### MATERIAL/FINISH

- Strip - Copper C11000 per ASTM B152/N.A.
