

Threaded Coupling

881-020R Rear Panel Mount, Right Angle PCB Receptacle

Series 881 rear panel mount, threaded coupling, right angle receptacles are sealed with epoxy and meet IP67 requirements in mated condition. For open face sealing in an unmated condition request modification code -518. Three contact sizes are available with current ratings of 5A, 3A and 1A. Aluminum or stainless steel housings and thermoplastic insulators. High performance crimp contacts are factory terminated to solid copper wire. SuperFly® connectors are ideal for solder systems and other applications where reduced size and weight are critical.
