

El Ochito®: The Ultimate High-Speed Contact

“The Little Eight”: Eight miniaturized contacts in a standard size #8 shielded module, with dramatic size and weight reduction compared to all other available solutions

- El Ochito® for 10G Ethernet (white), USB 3.0 (blue), and Multi gigabit datalink applications such as HDMI, SATA and Displayport (red).
- Fast and easy crimp termination of wires to contacts—PC Tails available
- 100% drop-in solution for installed Glenair High-Speed connectors—no redesign or reinstallation of interfaces
- Supplied as crimp contacts, wire pigtails, or in PC tail configurations in the connector of your choice—up to 8 El Ochito® modules in a size #25 D38999
- Integral spline and short termination maximizes interconnect/cable performance and minimizes crosstalk
- El Ochito® delivers the highest density contact system available—twice the density of Quadrax, split Quadrax, or other shielded contact solutions
- Tested, qualified, and in-stock for immediate shipment

El Ochito® exploded view: High mating durability, lightweight contact system with 100 Ohm shielded performance. Note wire twist maintained to contact pair to minimize characteristic impedance mismatch. Also, Conductive isolation shield dramatically reduces crosstalk

El Ochito® is a drop-in solution for D38999 Series III, as well as, Series 80 Mighty Mouse, EN4165, EN3645, Series 792 and other ARINC standards and is ideally suited for Ethernet, high-definition video, high-speed data loading, and other high speed applications.
